CAREER OBJECTIVE

- : Computer Science undergraduate with hands-on experience in software development and full-stack web applications. Proficient in C++, JavaScript, TypeScript, React.js, Next.js, Node.js, Express.js, REST APIs, and MongoDB. Experienced in developing responsive web applications, implementing authentication and secure APIs, integrating frontend and backend services, and working with modern AI technologies. Strong problem-solving skills with an interest in full-stack development and technology consulting, with a focus on building practical, scalable, and user-oriented software solutions. Eager to contribute to technology-driven projects while continuously strengthening software engineering skills.

Projects

- **Multi-Agent AI Platform** ***MERN, Microservices, LangGraph, LangChain, Redis***:
  - : Developing a multi-agent AI platform with specialized agents for chat, web search, coding, vision, PDF, and PPT generation.
  - : Implemented a microservices-based backend with an API Gateway, JWT authentication, and REST APIs for communication between application services.
  - : Integrated Redis for session and AI memory management and used LangGraph to orchestrate workflows between specialized AI agents.

- **Real-Time Chat Application** ***React.js, Node.js, Express.js, MongoDB, Socket.IO, JWT***:
  - : Developed a full-stack real-time messaging application enabling users to communicate through instant one-to-one conversations.
  - : Implemented Socket.IO for real-time bidirectional communication and REST APIs using Node.js and Express.js for application operations.
  - : Used MongoDB to store user profiles, conversations, and message history, with JWT-based authentication to secure user sessions and APIs.

Skills

- **Languages**: C++, JavaScript, TypeScript, SQL
- **Web Technologies**: HTML5, CSS3, React.js, Next.js, Tailwind CSS, Redux Toolkit
- **Backend**: Node.js, Express.js, REST APIs, JWT
- **Databases**: MongoDB, MySQL, Redis
- **Tools & AI**: Git, GitHub, Postman, Docker,Antigravity, ChatGPT, Gemini, Claude,LangChain, LangGraph

Education

- **Siliguri Institute of Technology** Aug. 2023 – Jul. 2027
  B.Tech in Computer Science & Engineering – CGPA: 7.86 (up to 6th Sem) *Siliguri, West Bengal*
  - **Achieved a CGPA of 7.86up to the 6th semester, placing in the top 12% of the Computer Science and Engineering department.**:
- **Lowada High School** Jan. 2015 – Mar. 2023
  Secondary & Higher Secondary (Science) – 91.85% & 77.4% *West Bengal*

Relevant Coursework

- : Data Structures & Algorithms
- : Object-Oriented Programming
- : Database Management Systems
- : Operating Systems

Achievements & Activities

- **CodeChef**: Achieved a 2-Star rating with a maximum rating of 1553.**Profile**
- **Competitions**: Secured ranks 158 and 1091 in CodeChef programming contests.
- **Open Source**: Contributed to GirlScript Summer of Code through collaborative open-source development.

Extracurricular Activities

- : Member, Computer Engineers' Society, Siliguri Institute of Technology.
- : Member, Photography Club, Siliguri Institute of Technology.
